Tips for Parents & Students

Parents please:

- ✓ Say “Let’s find out together!” often
- ✓ Make Google or books your exploration partner
- ✓ Let kids touch, feel, try, and sometimes mess up
- ✓ Curiosity needs space and time—
don’t rush answers

"Curiosity is the starting point of genius.

When we guide children to explore,
experiment, and question with joy, we give
them the tools to create their own future."
